

Tactical Burn Dressing

(Size - 10cm X cm10)

When a burn occurs, seconds count! Burn injuries should be cooled immediately, otherwise, the heat will continue to destroy the surrounding and underlying tissue, and may progress a partial thickness (second degree) burn into a full-thickness (third-degree) burn injury.

10X10 cm WJ Tactical Burn Dressing

NSN 6510-01-243-5897

WJ P/N: WJ10HA

Dressing Pouch :

Dressing Pouch Dimension:

45 g

Tactical Burn Dressing

(Size - 91 cm X 76cm)

Water-Jel Fire Blankets are a one-step system for emergency first aid on a burn victim. The blanket puts out the fire, stops burn progression and cools the skin, relieves pain and protects the burn area from contamination.

Water-Jel Fire Blankets consist of a scientifically formulated cooling gel and a special carrier. The 100% worsted wool blanket with intercellular weave can absorb up to 13 times its own weight. The blanket is soaked in a water-based / water-soluble, bacteriostatic and biodegradable gel. Can be placed directly over clothing and won't stick to burn injuries. Shelf life: 5 years from date of manufacture.

91X76 cm WJ Tactical Burn Blanket

WJ P/N: 3'X2.5" Burn Wrap:

Case Weight: 26.5 lbs.

Case Size: 15.5"H x 13.5"W x 6.75"D
